DECONTAMINATION LARGE SPACES FAST

DECON LARGE SPACES FAST

Portable decontamination is all grown up. The C4I-DLSF is the big brother of the Room decontamination system, treating up to 15,000 cubic feet and using the same proprietary C4I Process to disinfect at the push of a button.

RoomFogging

The C4I-DLSF uses an EPA-approved, hospital-grade disinfectant to completely fog large-sized treatment areas such as laboratories, surgical suites, gymnasiums, locker rooms and garages.

HandApply

Use an optional C4I Portable Applicator (CPA) to apply disinfectant by hand-spraying directly on high contact areas to spot treat patrol cars, ambulances, equipment and exterior spaces.

Destroys Pathogens

Proven effective against MRSA, HIV-1, Hepatitis B and C, Ebola, MERS, H1N1, E. coli, Norovirus, Legionella pneumophila, Salmonella, Listeria and much more.

Advanced User Interface

Our sophisticated touchscreen interface allows for minimal training to operate the C4I-DLSF. Facility and asset management tracking software is included, which will save run data and room configurations. Reports are available in .csv file format by download to a portable USBdrive.

Multiple Applications

- EMS / Fire / Police vehicles
- Law enforcement offices, jails, and holding cells
- Hospital facilities & equipment
- Surgical suites, in and out-patient facilities
- Laboratories & research facilities
- Nursing homes
- Veterinary hospitals and animal shelters
- Athletic facilities & sports equipment
- Schools & childcare facilities
- Cruise ships and hotels

BENEFITS :

- Reduces your staff's exposure to dangerous pathogens.
- Decontaminate even hard-to-reach surfaces.
- Consistent and reliable delivery of disinfectant, not achievable through manual cleaning methods.
- Fast turnaround and hands-free technology allows you to redeploy staff to highest and best use.
- Low cost of operation and ownership.
- Safe for sensitive equipment.

C4I-DLSF SPECIFICATIONS

- Unit dimensions: (H) 46in x (W) 20in x (D) 25in
- Maximum treatment area: 15,000 cubic ft.
- Standard configuration: 4 static heads and 2 ADPs for use with optional accessories
- Interior/Exterior: Stainless steel construction
- Easy glide locking casters
- User interface: IDEC touchscreen
- Weight: 154 lbs.
- Power supply: 110 VAC, 20 amps standard
- Safety: Audible and strobe alarms
- Reporting capabilities: Standard .csv file downloadable through USB drive
- Operating temp: 35°F to 80°F at between 45% to 75% relative humidity
- Warranty: 12 month parts and labor
- Training: Available online or on-site

EPA-Approved Disinfectant: Vital Oxide

Active ingredients:

Chlorine Dioxide.....	0.200%
Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chloride.....	0.125%
Alkyl (68% C12, 32% C14) dimethyl ethyl benzyl ammonium chloride.....	0.125%
OTHER INGREDIENTS.....	99.550%
Total.....	100.000%

Effectiveness:

- Proven complete inactivation of MRSA, Norovirus, HIV, H1N1, Hepatitis B, Hepatitis C, Legionella, Pseudomonas aeruginosa and much more
- 99.999% elimination of bacteria, including E.coli, Salmonella and Listeria
- Long-term effectiveness on mold and mold spores, including Aspergillus niger, Alternaria alternata, Penicillium and Stachybotrys

Safety:

- Toxicity category: EPA Category 4
- First aid: If in eyes, flush with water
- National Safety Foundation (NSF) rating: No Rinse Required on food contact surfaces at full strength
- Shelf life: > 1 year
- Mixing requirements: None, rated ready to use (RTU)

Environmental

- 100% biodegradable
- Contains no VOCs

Optional accessories and consumables

CPA

The C4I Portable Applicator, or CPA, is used for manual handapplication or remote-head fogging.

- Connection: Using ADP connector on C4I-DLSF
- Hose length: 25 ft
- Tripod: Optional

ADP-PT

Allows for hand-free decontamination of the patient compartment of a fire rescue or ambulance.

- Mounting: Installed inside exterior compartment
- Connection: Using ADP connector on C4I-DLSF
- Hose length: 8 ft

Optional Barcode Capabilities

Rooms and assets may be tagged with standard barcodes for easy retrieval of configuration data by the onboard asset tracking software. Please contact us for specifications for a compatible barcode reader.

Ask about our automatic Fluid replenishment program.
