SPECIFICATION

Model	C4X200P
Dimension	202mm*109mm*42mm
Weight	≤460g
Output voltage	55±5KV
Output current	< 2mA
Pulse frequency	19±1Hz (PPS)
Motive force	High compressed gas(N2)
Maximum range	5 meters (Best to use within 3-5meters)
Battery	7.4V, 1400mAh, for over 450 times of 5-second electric stun
Operation Temperature	-40℃ ~ 55℃
Digital Display	Power level, Low power warning, Electric stun timing ,etc.
Safety Protection	Manual-stop , Short pressing for 5s, long pressing for 15s
Accessories	Cartridge*4, Battery*1,Charger*1, Holster*1, Storage Case*1
