BULLDOG M34

The Bulldog M34 is a Multi-Purpose Security Vehicle (MPSV) suitable for on and off-road applications. It is also referred to as a Public order Police & Riot Control vehicle. The body is off welded Armour steel construction

Crew access is through two large side plugs doors and a large rear door. The driver and co-driver have separate front doors.

The vehicle is fitted with various riot control related systems including a scraper system to remove obstacles from the road surface.
