TP Series Thermal Sight

The device features a 12 μ m detector of 384 \times 288 or 640 \times 512 resolution optional, a 35/50mm objective lens, a 1024 \times 768 OLED display, and a built-in rangefinding module with a rang from 10m to 1,200m and an accuracy of \pm 1m. It supports various functions such as Wi-Fi imagetransmission, video recording, digital compass, and Bluetooth remote control. It is suitable for rifles, sniper rifles, and shotguns, etc

Ballistic Calculating

PRODUCT HIGHLIGHTS

Shutterless Design for Smooth and Clear Imaging

Integrated Rangefinder

Ballistic Calculating

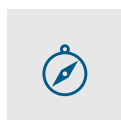

Side-Focus Lens

Compact and Lightweight

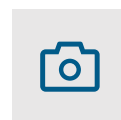

1000G Shock Resistance

Built-in Digital Magnetic Compass

Quick-Removal Picatinny Rail

Support for Capturing Images and Taking Videos

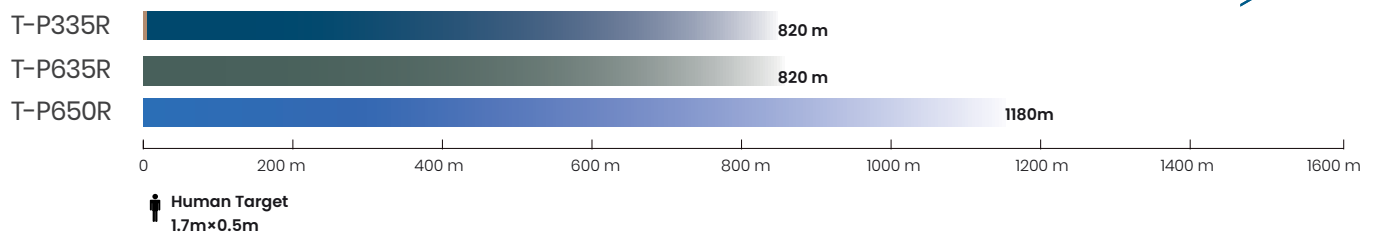

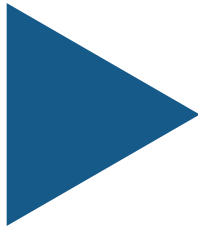

Quick-Removal Battery Holder for Convenient Battery Replacement

SPECIFICATIONS

Product Name	TP Series Thermal Sight		
Model	T-P335R	T-P635R	T-P650R
Resolution	384×288	640×512	640×512
Pixel Size	12μm		
NETD	≤40mK		
Frame Rate	50Hz		
Focal Length of Objective Lens	35mm	35mm	50mm
Objective Lens Aperture	1.0		
FOV	7.5°×5.6°	12.5°×9.4°	8.8°×6.6°
Visual Acuity	±5°		
Visual Magnification	3.4×	2×	2.7×
Detecting Distance 820m 1180m (targets within 1.7 m, 2 pixels)	820m	820m	1180m
OLED Screen	1024×768		
Battery	2×CR123A		
Standby Duration (25°C)	≥4h		
External Power Supply	5V		
Operating Temperature	-30° ~ +50°		
WIFI/APP	Yes		
Photo and Video Taking	Yes		
Memory Card	32GB		
Waterproof Rating	IP67		
Dimensions of the Entire Machine	200×79×84mm	214×79×84mm	
Weight	<600g	<650g	
Measuring Distance (Accuracy)	1200m (±1)		

OPERATING DISTANCE
