TRAUMA KIT MILITARY MEDICAL FIRST AID

KITS WITH TOURNIQUET

EASY CARRY LIGHTWEIGHT COMBAT MOLLE SYSTEM

Trauma First Response Kit:

Uniquely customized by U.S Marine military veterans to get you well-prepared in advance to emergencies during the outdoor adventure, hunting, camping, travel, disaster, and accident.

Massive Hemorrhage and Circulatory Care:

As a Marine military veterans, I'm automatically intrigued by everything tactical. The kit has everything that could save your life in the woods of Northern Minnesota, or on a battlefield. I keep on Rooster incase it's ever needed while hunting, or even cutting down trees.

Portable Carry:

Compact Emergency kit with lots of stuff. This kit contains the most use friendly, compact and popular survival and first aid supplies for massive bleeding control on the market, which includes: military combat tourniquet, tactical pressure dressing, and compressed gauze.

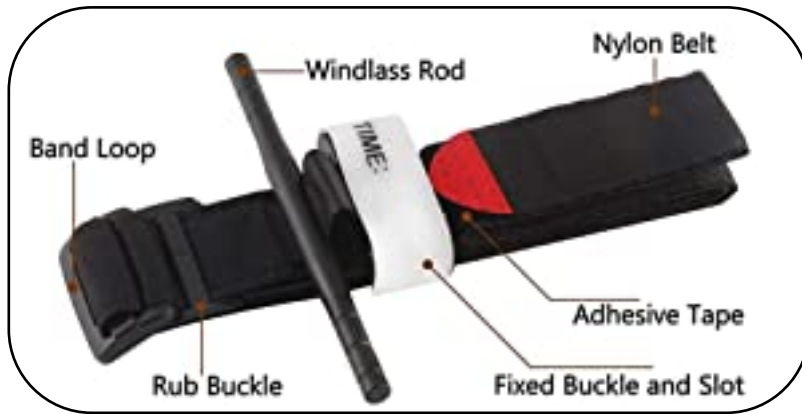

Perfect 'Glovebox-Sized' Triage Kit:

As an Everyday Carry pouch, this pouch is the perfect size to attach on a tactical vest, combat belt, or a rucksack with the MOLLE system, while providing an easy access to all the essentials. I love the slim design while being able to hold a solid amount of 1st aid items while still having room to add more items of desired.

Quality and Service:

High quality waterproof Polyester and double zippers are stable. Two year warranty, replacement guaranteed.
